

YOU ARE INVITED

Invitation to Environment Improvement Programme **COMMUNITY CONSULTATION**

Join us for an in-person community consultation session on Tuesday 15 October so we can share the updated draft Environment Improvement Programme (EIP) for the Adbri Birkenhead manufacturing facility and receive your feedback.

Your Feedback Matters

The updated draft EIP outlines projects to improve performance on environmental matters at the Adbri Birkenhead manufacturing facility.

Once completed, the updated draft EIP will be available on our community website. Alternatively, please let us know if you would like us to email you a copy or deliver a hard copy.

Adbri welcomes your further feedback - which can be provided either in-person at the drop-in session, via email or in writing to 62 Elder Road, Birkenhead SA 5015 by Sunday 20 October, 2024.

After considering feedback provided, the EIP will be submitted to the SA Environment Protection Authority.

To request a digital or hard copy of the draft EIP, provide your feedback or to RSVP your attendance at the drop-in session, please email BHCommunity@adbri.com.au or call 8300 0520.

Drop-In Session

Join senior Adbri staff to learn more about the updated draft EIP, ask questions and share your thoughts. RSVPs are welcome to assist with staffing and catering, although this is not essential.

Semaphore Bowling Club 2 Wills Street, Largs Bay

Tuesday 15 October 1pm - 7pm
